1. Senator Smith spoke with [ ] concerning the CIA position on the Omnibus Immigration Bill. In view of the fact that Sen. McCarran stated that we had supported it, Senator Smith wished guidance as to how to vote. General Smith instructed Mr. [ ] not to call Sen. Smith back so that we could avoid getting caught into the fight.

2. Mr. Harvey, Chief Clerk of the House Appropriations Committee, called to clear with CIA the language of a rider to be tacked onto the MSA Appropriation bill regarding expenditure of foreign currencies which might affect CIA. Mr. Houston reviewed the language and felt that CIA "could live with it" and therefore we have interposed no objection.
